City of Hampton Minority/Women Business Enterprise Directory

*The Honorable Turner M. Spencer
City Council Liaison
Purchasing and Procurement Oversight Committee*

*Jack L. Ezzell, Chairman
Purchasing and Procurement Oversight Committee*

On behalf of the Purchasing and Procurement Oversight Committee (PPOC), we are proud to support this 5th edition of the City of Hampton's Minority/Women Business Enterprise Directory. The PPOC has been charged with the responsibilities of (a) reviewing purchasing and contractual procedures and practices of all agencies and departments of the City; (b) recommending improvements that would result in cost effectiveness, simplicity, greater fairness and broader representation of the community; and (c) monitoring results. We are committed to the growth of Hampton's minority and women-owned businesses and believe the support of these companies helps to alleviate disparities in the business sector. This directory is one of the many ways we will continue to keep the doors of opportunity open to all.

The City of Hampton...

Provides business outreach services to small, minority and women-owned businesses, and serves these businesses in the following manner:

- **A community resource center of information vital to small businesses, including access to computer workstations for word processing.**
- **Conducts the four-week Small Business Seminar Series annually in the spring and fall covering topics important to small business owners.**
- **Publishes the Minority/Women Business Enterprise Directory for use by city agencies to fulfill its requirements for using minority vendors.**

The promotion and utilization of Minority/Women Business Enterprises (M/WBEs) are essential to preserving the City of Hampton's decentralized procurement system as a progressive and competitive free enterprise environment. The 2003 M/WBE Directory is provided to enhance the visibility and competitive viability of such enterprises as well as facilitate the economic growth of Hampton-based businesses. In addition, the Office of Minority Programs monitors the City of Hampton's compliance with the Virginia Public Procurement Act, Title 11, Chapter 7, Section 11-48 of the Code of Virginia which states: "All public bodies shall establish programs consistent with all provisions of this chapter to facilitate the participation of small businesses and businesses owned by women and minorities in procurement transactions..." The City of Hampton fully complies with this act.

The M/WBE directory is available on the internet at:

http://www.hampton.va.us/pdf/minority_vendor_directory.pdf

Copies are also available in the Department of Finance.

Definition of Minority/Women-Owned Business Enterprise

A Minority Business Enterprise (MBE) is a business enterprise that is 51% owned or controlled by one or more socially or economically disadvantaged persons. Such disadvantage may arise from cultural, racial, chronic economic circumstances or background or other similar cause. Such persons may include, but are not limited to: African-Americans, Hispanic Americans, Native Americans, Asian Americans, Pacific Islanders, Eskimos and Aleuts (Code of Virginia Title 2.1, Chapter 7.5, Section 21.1-64.32:1).

A Woman-Owned Business Enterprise (WBE) is a business enterprise that is: (1) at least 51% owned by one or more women, or in the case of any publicly-owned business, at least 51% of the stock is owned by one or more women and, (2) the management and daily business operations of the business are controlled by one or more women.
